**BUSINESS.**

**1. Matters for discussion**

**a) To Report on Health & Safety for all areas.**

Chairman reports she has met with **Tennis Club** and done their H & S forms. The skirt around the building needs replacing so she has asked Mr Varley to let us have a quote for this work. There are also some steps from the White Rose area which are not safe so she has asked Mr Varley to remove these and grass the area over. Also a letter forward from the Tennis club regarding power washing the surface at a cost of £400 and also repainting at a cost of £2000- they are trying to get funding for the repainting work. Much discussion took place about this power washing and two Councillors felt this should be down to the Tennis Club to hire a washer and do this work themselves. **Agreed we propose to full council that we state in the present financial climate we cannot pay out £400 for this power washing.**

**White Rose** -Chairman is meeting with Rob next week to go through their H & S procedures and discuss report actions. Clerk reports she has got electrical check account for this area and 5 items need attention, Emlec been asked to quote for this work to be done.

**Fairways** -Chairman will meet with Committee regarding this area.

**Allotments/Pond** are next on Chairman list for attention.

Clerks to check if all Electrical checks completed, and also when Fire checks need doing to make sure they are all done together which will make this easier.

**b) To Report on Tree Survey.**

Clerk reports she has met with Mr Varley and gone through this report and only one tree which he cannot deal with, which is a large Lime Tree on Low Street, Clerk would get quotes for this work to be done. **Agreed Clerks should write to Cricket Club asking them to get their trees checked.**
